The mission of the Christian Alliance Caucus is to build direct lines of communication, cooperation, and coordination
between the Knesset and Christian leaders around the world:

To recognize the contribution that Christians in America, Europe, and around the world are making to the security of the State of Israel and to the welfare of the Jewish people.

To bring to the attention of the population of Israel the unqualified support Christians have given, and continue to give, to Jewish aspirations in the Holy Land.

To provide Christians in Israel with assistance in dealing with the red tape and bureaucratic issues that may arise.

To reach out to all Christians in order to mobilize political support for Israel
